

IT Apprentice

37 hours per week, Term Time Only (39 weeks)

Monday- Friday

Job purpose:

A confident and talented individual to transform the school environment by supporting the training of teachers and developing the use of educational technology for the betterment of teaching and learning. Embark on a Level 3 Digital Support Technician Apprenticeship programme with Primary Goal as the training provider.

Job description:

As part of this opportunity, you will:

- Audit the school's current use of education technology
- Promote the use of new and existing technologies and supporting staff
- Act as a conduit between technical support services and the wider staff team
- Identify an action plan for wider staff and pupil digital skills development
- Identify and support the development of a tech-related lunchtime or after school club with a group of children
- Alongside the Computing Subject Leader, lead on and run all extra-curricular Computing clubs
- Develop the school's use of technology to facilitate teaching and learning across the curriculum and / or within computing as a subject
- Establish and implement the use of online collaborative tools for organisational and curriculum delivery
- Support the school to maintain a positive and professional online reputation
- Plan, implement and maintain an element of the school's organisational digital presence
- Support children and teachers in development of ICT skills/resources in all computing lessons
- Supporting the schools IT infrastructure on a daily basis, resolving issues and providing technical assistance with the assistance of the ICT Subject Leader/School Business Manager
- Provide an effective ICT support service to the school, including being a single point of contact for IT related issues around school
- Liaise with ICT support provider where necessary to log issues and manage through to resolution
- Maintain accurate records, including keeping school asset register up to date
- Providing evidence for ICT equipment replacements and renewals, and contributing towards the provision of business cases
- Assisting with the administration of the school website
- Ensure classroom IT is maintained and ready to be used and this will include configuration, interactive whiteboard connectivity and audio.

- To manage and assist as necessary in the setup of audio visual equipment, as needed in assemblies, school performances, etc.
- To demonstrate and/or set up IT, media equipment and facilities as required by the school.
- Maintenance of staff devices, ensuring both software and hardware are working so lessons can be delivered.
- Daily/weekly maintenance of student devices. This will require termly checks on the trolleys and ICT suites to ensure they fully function for students to use.
- The role will develop over time in line with the growing skills and abilities of the post holder
- Develop your own skills through participation in continuous professional development through the Primary Goal Apprentice Programme.

All duties and responsibilities must be carried out with due regard to the City Council's Health and Safety Policy. Post holders will be accountable for carrying out all duties and responsibilities with due regard to the City Council's Equal Opportunities Policy. Duties which include processing of any personal data must be undertaken within the corporate data protection guidelines.
