Dear Applicant

Thank you for expressing your interest in becoming the Deputy Head teacher at Stoke Primary School.

This role is key to our Senior Leadership Team, enabling us to complete the team and ensure we have the right skills and expertise to further grow and transform our school. You will work in partnership with the Headteacher and wider leaders to make a real difference to our children. We are a team who embrace the challenge of enabling Stoke to be the very best school it can be.

We seek to appoint an individual with the drive and passion to inspire and develop others through the highest quality teaching and learning. This role will be instrumental in growing the skills within the team, through collaborative approaches to school improvement planning and CPD.

We are a two-form entry primary school situated in the northeast of Coventry. Our children are from richly diverse socio-economic and cultural backgrounds and give rise to Stokes multi-cultural vibrancy. Building our community to ensure all stakeholders contribute to our children's success in an ever-changing world is vital to our overall success.

We are all proud of our school and very ambitious for what we can achieve.

Please come and visit us so you can find out more and see how you can bring your skills to our journey. We can work with you to ensure that any visit is within all Covid protocols.

Yours Sincerely

Mathew Ascroft

Head Teacher
