

<b>Job Title:</b>	Area Engineer (Electrical)	<b>Job Number:</b>	
<b>Directorate:</b>	Facilities Management	<b>Post Number:</b>	000343
<b>Services:</b>	Compliance & Surveying	<b>Grade:</b>	7
<b>Location:</b>	One Friargate/Agile/Flexible		

**Job Purpose:**

Working to ensure the Local Authority meets its mechanical and electrical Statutory Obligations. Under the general direction of the Compliance Manager to prepare specifications and obtain tenders, to supervise contractors and to value and certify payment for work completed. To carry out inspections of building services electrical (power, lighting and control installations) and mechanical services (L.P.H.W, D.H & C and Combustion installations along with the control of Legionella bacteria within water systems) while ensuring strict compliance with all appropriate legislation in City Council establishments with a view to identifying particular defects or malfunctions and recommend appropriate remedial action.

**Main Duties and Responsibilities:**

1. Direct supervision of the Engineering Technicians. Undertaking personal mentoring to encourage further development of technical knowledge through the setting of objectives, appropriate training and the allocation and review of tasks undertaken.
2. Contribute to the recruitment, training, motivation and deployment of staff to ensure the optimum use of human resources and provide high standards of customer care. Encourage the development of a harmonious working environment and maintain the good employer status of the City Council.
3. Manage the statutory planned preventative maintenance and inspection of all electrical services to ensure installations and plant comply with relevant codes of practice, regulations and standards to meet in full the requirements of HASAWA. Initiate appropriate urgent action where installations or plant do not comply, including the immediate isolation/taking out of service any dangerous installation/plants.
4. Undertake the complete design and project management of electrical schemes liaising with stakeholders, agreeing scope of works, preparing initial budget estimates, writing specifications and developing design drawings, evaluation of tenders, project progress and financial monitoring, authorising variations to work and payments where justified while ensuring strict compliance with appropriate legislation and the relevant City Council policies in relation to the seeking and acceptance of tenders from contractors.

5. Carry out site inspections, prepare technical reports with regard to condition of installations and plant inspected providing budget estimates where applicable to assist the Compliance Manager in the future planning for the department and the City Council as a whole by identifying any areas for potential failure that could risk the closure of buildings and cause disruption to the services they provide.
6. Liaise with senior management, key stakeholders and contractors in relation to emergency situations or plant failures, providing specific electrical technical advice where necessary, detailing the extent of the issue, the likely impact in relation to service provision. Provide accurate updates on work progress, clearly identifying timescales for when a resolution will be reached.
7. Ensure all necessary insurance records, documentation and statutory certification relating to all maintainable assets of the City Council are maintained accurately and up to date, including the preparation of appropriate drawings and technical information where necessary utilising asset database systems.
8. Preparation of specialist technical reports and other reports (Environmental Health Incident reports) where necessary, appearing in court on behalf of the City Council, In the event of an accident to the user of an engineering system caused by failure or shock.
9. Carry out condition surveys, asset inventories and periodic inspections of electrical services and associated plant in City Council establishments in accordance with a frequency and programme determined by Senior Management.
10. Advising building managers and users on the operation of electrical equipment, health and safety responsibilities and routine user inspections recommended by relevant statutory requirements and codes of practice.
11. Deputise for the Compliance Manager as required.
12. Using trade specific knowledge and experience, assist in the recruitment of additional staff and the identification of appropriate resource for the future development of the team.
13. To provide high quality standards of customer care.
14. Maintain and develop technical expertise and knowledge of current legislation as it affects engineering installations and equipment.
15. Participate if requested in the 'out-of-hours' stand-by Officers scheme by acting as Duty Officer, in accordance with the duty rota or, if necessary, to cover duty week for absent colleagues.

Any other duties and responsibilities within the range of the salary grade.

The post holder must comply with Coventry City Council's health and safety policy and in particular is required:-

- To take reasonable care for their own health and safety at work and of those who may be affected by their actions or by their omissions
- To cooperate with their line manager and senior management, to work safely, to comply with health and safety instructions and information and undertake appropriate health and safety training as required
- Not to intentionally or recklessly interfere with or misuse anything provided in the interests of health, safety and welfare
- To report to their manager any health and safety concerns, hazardous condition or defect in the health and safety arrangements.

**Any further Health and Safety responsibilities relevant to this post will be set out in the offer letter and Written Statement of Particulars**

The post holder must comply with the Interagency procedures of the Safeguarding Boards and Coventry City Council's policies for safeguarding children and safeguarding adults and in particular is required:-

- To ensure they are aware of the signs that may suggest a child or vulnerable adult is being abused or neglected
- To report to their manager, or other appropriate manager, any concerns they may have that suggest that a child or vulnerable adult may be being abused or neglected immediately

**Any further Safeguarding Board responsibilities relevant to this post will be set out in the offer letter and Written Statement of Particulars**

Post holders will be accountable for carrying out all duties and responsibilities with due regard to the City Council's Equal Opportunities Policy.

Duties which include processing of any personal data must be undertaken within the corporate data protection guidelines.
