EQUALITY AND INCLUSION

EQUALITY STATEMENT

All pupils and members of staff at John Gulson Primary School Primary School are provided with opportunities to fulfil their potential without discrimination of any kind, as referenced in the protected characteristics of the Equality Act 2010.

Our school aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

The above applies to adults and children alike.

At John Gulson Primary School, we two assemblies per week are based upon teaching about the protected characteristics; this is done via the sharing of high-quality, age-appropriate texts.

Our school improvement plan identifies how we will ensure that we have an explicit focus upon equality for each of our objectives.

INCLUSION

We are committed to using our best endeavours to provide an appropriate and high-quality education for **all** children at our school which enables them to

- Achieve their best
- Become confident individuals living fulfilling lives
- Make successful transition to their next phase of education.

We consider **every teacher to be a teacher of every child**, including those with special educational needs and disabilities.

We have the highest aspirations and expectations for all pupils, including those with special educational needs.

We aim to achieve a community where parents and those working in school have a mutual trust and confidence in each other, created through clear, consistent approaches to communication and collaborative working, to enable outstanding outcomes for all children, including those with SEND.

We aim to provide all children, including those with special educational needs and disabilities, with a broad, balanced academic and social curriculum, which is accessible and ensures they are fully included in all aspects of school life and feel equally valued and contribute fully to the school community.

To achieve this we will:

1. Strive to establish a fully inclusive school, eliminate all prejudice and discrimination and create an environment where all children can be happy, progress and feel safe.

2. We will respond to learners in ways which take account of their varied needs and life experiences, moving away from an approach that locates a problem within the child, but means doing everything we can to meet a child's SEN.
3. We are committed to identifying a pupil's special educational needs at the earliest point and then making effective provision as this is known to improve long term outcomes.
4. Working in close partnership with parents to achieve these aims, we are committed to parents participating as fully as possible in decision making and being provided with information and support necessary to enable this.
5. Support pupils themselves to participate in discussions and express their views and be fully involved in decisions which affect them encouraging them to become increasingly effective self-advocates.
6. Work in close partnership with a range of specialist agencies to enable us to provide effective targeted support.
7. Provide support, advice and training for all staff working with pupils with special educational needs to enable them to be increasingly able to adapt teaching to respond to the strengths and needs of all pupils.
