

“

I was never an academic student and I left school with 4 GCSE's and lasted 6 months studying A-Levels.

Now, I am a Team Leader and have completed 3 work related qualifications since starting as an apprentice and throughout my employment. The Council has been incredibly supportive in my personal as well as my continuous professional development.

I have never looked back and 18 years on I know there is so much more I can achieve at the Council, and the early months as an Apprentice really gave me the steppingstone for that.
