Service	Regulation and Communities
Reports to	Building Control Manager
Location	Friargate
Job Evaluation Code	A5534

About Coventry City Council

Who we are: At Coventry City Council we are dedicated to making a positive difference to the services we deliver to the diverse citizens of Coventry. The work we do improves people's lives – from helping them into work to providing clean and green places to live, to keeping people safe and protected.

As a Coventry City Council employee, you have our ongoing commitment to your growth and development with opportunities to work across multiple service areas including customer contact, public health prevention and education and skills, adults and children's services and provide support for the most vulnerable.

Our aim is simple – to be globally connected, locally committed, deliver our priorities with fewer resources whilst effectively managing our performance and measuring our progress.

Our Values: We expect everyone who works for us to be committed to our One Coventry values and to share our commitment to becoming a more diverse and inclusive organisation:

About the Service your team will provide

Purpose of the role

Under the general direction of the Building Control Manager:

1. Deliver a high-quality Building Control service in a way that contributes to the achievement of the City Council's vision and objectives for a growing and sustainable city.
2. Deliver an effective and co-ordinated Building Control function through design appraisal and site inspection service having due regard for the commercial sensitivity of the service and its operation as a standalone business unit.
3. Ensure the safety of the public through the response to dangerous or dilapidated structures.

Main Duties & Key Accountabilities

Core Knowledge

- Process and assess applications for design stage compliance with the Building Regulations and associated legislation.
- To undertake the necessary professional duties ensuring compliance with Building Regulations – undertaking site visits, assessing developments against regulations, accurately documenting and recording information, and issuing decisions in a timely and professional manner.
- Provide a Building Control advice service to the public, Elected Members, other Council Directorates, and stakeholders communicating effectively on matters of compliance and solutions.
- Liaise with the Planning Enforcement team where it is considered planning contraventions may have occurred.
- Effective administration of dangerous or dilapidated structures including appropriate actions to remove danger. Oversight and participation in the provision of a 24/7 'out of hours' emergency cover rota.
- Provide technical advice to the Safety Advisory Group as required, assessing technical event safety submissions and undertaking pre match/event inspections in order to release the safety certificate and attendance at events / matches to ensure compliance with the safety certificate. Attendance at post event/match safety meetings as required to review procedures.
- Provide an effective enforcement function taking action for non-compliance with the Building Regulations, including investigation of contraventions; advising on and instigating appropriate action.

- Keep fully up to date with all relevant new and amended legislation, together with technical and procedural documentation.
- Undertake checking of all new and amended Building Regulations applications including the compiling of detailed reports and documentation when varying provisions and when considering applications for relaxation or dispensation of requirements, or where site variations have occurred.
- Carrying out spot checks and site inspections where applications have been deposited but no notification of commencement or completion has been received.
- Be proficient in the use of IT systems to ensure appropriate records and files are maintained.
- Contribute actively to the achievement of a good customer focused approach to service delivery within the section, participating in the development and maintenance of quality systems to ensure continuous monitoring and improvement to service quality and customer satisfaction for the service provider.
- Be able to work on own initiative and as part of a team, demonstrating flexibility in the approach to work as required by the service.
- Any other duties and responsibilities within the range of the salary grade.

Key relationships

External Fire and rescue service. Colleagues at certificated stadiums. Structural engineers. LABC network.	Internal Building Control team. Legal team. Technical Support team. Other local authority colleagues.
