

Context

Since Easter 2021 Grangehurst Primary School has used the White Rose scheme of work to support the teaching of Mathematics. Through the use of this scheme we aim to promote confident, independent mathematicians who are able to practise and apply their understanding in a variety of contexts.

Alongside this and to further support the teaching of calculation and mathematical fluency, children practise facts in areas such as times tables, number bonds and place value, four times a week. As part of this practise, children in Key Stage 1 use Numbots, and those in Key Stage 2 use Times Table Rockstars.

Outcomes

% of children achieving	2019 (pre pandemic)	2022 (post pandemic)
EYFS 'Number' Early Learning Goal – Expected	76%	63%
EYFS 'Number' Early Learning Goal - Exceeding	3%	-
Key Stage 1 Expected	82%	59%
Key Stage 1 Greater Depth	22%	12%
Key Stage 2 Expected	87%	67%
Key Stage 2 Greater Depth	12%	17%
